

Proposed Plaza

The Peace Bridge Plaza Expansion project

is largely asphalt, concrete, a 519-car parking garage and a 12,000 sq. ft. (first floor) Duty-Free Store.

- The paved-over kidney-shaped blob *alone* is bigger than...
- HSBC Arena Coca Cola Field combined
 - the History Museum and everything behind it, to Delaware Ave.

Plus... The duty-free store, parking garage and additional surface parking between them nearly doubles that footprint.

Overall, the expanded plaza – not including local roadways – is more than 1/2 the Buffalo State College campus east of Grant St.

Do you *really* want them to "Just BUILD IT" alongside our waterfront our park and the little bit of a neighborhood they *don't* take by Eminent Domain?

**This is the 21st Century, not the Robert Moses Era.
Get the Trucks OFF this bridge and onto a better solution!**

Doesn't Buffalo deserve better THIS time?
